Dear Sir/Madam,

Mattcon is pleased to provide this business letter of reference for MacLellan HVAC & Mechanical. We utilized MacLellan HVAC & Mechanical most recently on a long wall expansion of an Aldi grocery store in Plymouth, IN and they were great to work with from the bidding phase all the way through completed construction.

“MacLellan performed within the schedule requirements...attended progress meetings regularly... Materials were delivered and installed on scheduled dates. Overall I would use them again. Reid was the glue that held the team together.”

~ John Kovacs, Mattcon Superintendent on Aldi Long Wall Expansion Project in Plymouth

We have found MacLellan's quality of work to be excellent and their pricing competitive. Their crews work safely and efficiently. Communication between their office, field crews, and Mattcon personnel was great and we were always kept up to date regarding progress of their work. Any Requests For Information or potential issues were brought up quickly with ideas for potential solutions.

We have been pleased with the performance of MacLellan HVAC & Mechanical and recommend them for consideration of any HVAC needs your business may have.

Sincerely,

Patrick Mattingly
Project Manager
